## ***Early On* Center Instructional Resource Alert**

Now Available Under Instructional Resources

### **[Parent Perspectives: Areas of Strengths and Room for Improvement Regarding EI and Service Providers](http://earlyoncenter.org/resource.php?ID=138)**

(<http://earlyoncenter.org/resource.php?ID=138>)

This article, posted in the August 2015 MI-AIMH's *The Infant Crier*, featured the 2014 EO Center Faculty Grant Award recipient Kalli Decker, PhD. Learn what parents most appreciate about the early intervention services their family received and their service provider(s) and ways that early intervention services and interactions with their service provider(s) could be improved.

### **[The Quest for Quality: Free Resources to Support Your Work with Each Child](http://earlyoncenter.org/resource.php?ID=139)**

(<http://earlyoncenter.org/resource.php?ID=139>)

Camille Catlett from the Frank Porter Graham Child Development Institute offers a free informational guide with links to learning modules, video, and websites related to child development, family engagement, health, safety and nutrition.

### **[Team Lydia Rose: Supporting Inclusion Every Day in Every Way](http://earlyoncenter.org/resource.php?ID=140)**

(<http://earlyoncenter.org/resource.php?ID=140>)

The Desired Results access Project video highlights the importance of inclusion beginning as early as possible. This video illustrates a range of topics including inclusion, collaboration and teamwork between general and special educators, family-centered early intervention in natural environments, coaching, embedded instruction, family leadership, and more. This video has important messages for families who are, or will be, receiving early intervention services, for current and future early intervention practitioners, and for early childhood educators.

### **[The Healthy Child: Assembly Required](http://earlyoncenter.org/resource.php?ID=141)**

(<http://earlyoncenter.org/resource.php?ID=141>)

The TED Talk They Keep Talking About: The Power of High-Quality Early Education. Frank Porter Graham scientist, Kate Gallagher, spoke about the children of the early childhood study FPG's Abecedarian Project and the power of high-quality early care and education. Gallagher talks about how healthy environments, language interaction and warm relationships are key to building physically, emotionally, cognitively, and socially healthy children.

### **[Brandon's Story, A Mother's Voice](http://earlyoncenter.org/resource.php?ID=142)**

(<http://earlyoncenter.org/resource.php?ID=142>)

This 8-minute video features Brandon's mother as she shares her story about the importance and impact of early intervention on her son's life and on her family. Hear from Brandon himself, who shares insights about people with disabilities and his love of playing music. The video was produced by the Integrated Training Collaborative - project of the Partnership for People with Disabilities at VCU.
