## **Early On** Center Instructional Resource Alert

Now Available Under Instructional Resources

### **[Lessons Learned - Early On - Video/Study Guide](http://earlyoncenter.org/resource.php?ID=115)**

(<http://earlyoncenter.org/resource.php?ID=115>)

This 14 minute video entitled, ***Lessons Learned - Early On: My first year as a speech therapist in early intervention.*** This video written in 2010 by Sara Pericolosi, MA-CCC/SLP of Dickinson-Iron *Early On* is an engaging and honest brief story of what she learned about partnering with families. We join Sara on her journey, asking the same question she does, "*How do we genuinely partner with families?*". A study guide is also provided which provides discussion questions to use with the video.

### **[Magic of Everyday Moments - Video Series](http://earlyoncenter.org/resource.php?ID=116)**

(<http://earlyoncenter.org/resource.php?ID=116>)

ZERO TO THREE created free videos that include a user's guide with discussion questions and parent handouts that accompany each video. Videos highlight interactions between children and their environment. They include:

Brain Wonders: Nurturing Healthy Brain Development From Birth

Literacy Skills: The Roots of Reading Start at Birth

Power of Play: Building Skills While Having Fun

Temperament: What Makes Your Child Tick?

### [Iowa's Early ACCESS Early Intervention Videos](#)

(<http://www.earlyoncenter.org/resource.php?ID=117>)

Iowa's Early ACCESS System produced **early intervention videos** that can be used to promote recommended early intervention practices. These videos focus on family members and providers discussing different early intervention strategies including family guided routines based intervention and the use of toy bags on home visits.

### [Screen Sense: Setting the Record Straight](#)

(<http://earlyoncenter.org/resource.php?ID=118>)

ZERO TO THREE focuses on research-based guidelines for screen use for children under 3 years old. This document reviews what is known about the effect of screen media on young children's learning and development. Additional handouts also include summary of key findings, tips for how to use screen media with children under 3, and an infographic about 5 common misconceptions related to children and screen media.
