Infant-Toddler Video Clips

(<http://earlyoncenter.org/resource.php?ID=160>)

Early Educator Central's video clips embed footage of infants and toddlers demonstrating a range of skills across the developmental continuum as well as caregiver routines and interactions in support of those skills. In addition, the clips were filmed in diverse settings including homes, family child care programs, and child care and Early Head Start centers. These videos can help bring content to life by offering students a chance to observe a diverse array of professionals caring for and educating infants and toddlers.
