## **Early On** Center Instructional Resource **Alert**

Now Available Under Instructional Resources

### **Toolkit: Fostering Healthy S/E Development**

(<http://earlyoncenter.org/resource.php?ID=204>)

U. S. Departments of Education and Health and Human Services launched Fostering Healthy Social and Emotional Development in Young Children Toolkit which include:

- Tip Sheet for families of infants, toddlers, and preschoolers
- Tip Sheet for providers and educators in infant, toddler, and preschool programs
- Milestone chart with key information on social and emotional development from birth to 5
- Fact sheet on the research behind social and emotional development in early childhood and lifelong outcomes
- "Let's Talk About Feelings" Poster

### **Exploration of Service Delivery in Early Intervention - Article**

(<http://earlyoncenter.org/resource.php?ID=205>)

This article was featured in the December 2016 issue of the International Journal of Early Childhood Education. The article will examine current studies and literature

pertaining to early intervention service delivery, and compare the findings to similar studies conducted over the last two decades.

### **[Resource Guide to Trauma-Informed Human Services](#)**

(<http://earlyoncenter.org/resource.php?ID=206>)

The Administration for Children and Families, the Substance Abuse and Mental Health Services Administrations, the Administration for Community Living, the Offices of the Assistant Secretary for Health and the Assistant Secretary for Planning and Evaluation at HHS have worked together to develop this Guide to Trauma-Informed Human Services. The guide is intended to provide an introduction to the topic of trauma, a discussion of why understanding and addressing trauma is important for human services programs, and a “road map” to find relevant resources.

### **[Media and Young Minds Policy Statement](#)**

(<http://earlyoncenter.org/resource.php?ID=207>)

A new policy statement from the American Academy of Pediatrics reviews the existing literature on television, videos, and mobile/interactive technologies; their potential for educational benefit; and related health concerns for young children (0 to 5 years of age). The statement also highlights areas in which pediatric providers can offer specific guidance to families in managing their young children’s media use, not only in terms of content or time limits, but also emphasizing the importance of parent–child shared media use and allowing the child time to take part in other developmentally healthy activities.

### **[New AAP Guidelines Related to Infant Safe Sleep](#)**

(<http://earlyoncenter.org/resource.php?ID=208>)

American Academy of Pediatrics announces nineteen evidence-based recommendations aimed at protecting infants up to 1 year of age. These are featured in *SIDS and Other Sleep-Related Infant Deaths: Updated 2016 Recommendations for a Safe Infant Sleeping Environment*, an AAP policy statement and technical report from the Task Force on Sudden Infant Death Syndrome.
