## ***Early On*** Center Instructional Resource Alert

Now Available Under Instructional Resources

### **[Bite Size Learning: Alert and Aware, Home Visitor Personal Safety](http://earlyoncenter.org/resource.php?ID=143)**

(<http://earlyoncenter.org/resource.php?ID=143>)

Presenter: Teresa Marvin, MA, LLPC, Department of Health and Human Services, Family Preservation Specialist. This is a webinar to explore, discuss and problem solve potential worker safety concerns for home visitors.

### **[About Autism in Toddlers](http://earlyoncenter.org/resource.php?ID=145)**

(<http://earlyoncenter.org/resource.php?ID=145>)

About Autism in Toddlers is a free online tool that provides information, resources, videos, and slides on learning how to know the early signs of autism spectrum disorder in toddlers. This tool was developed by the Autism Institute at Florida State University in collaboration with First Signs and Autism Speaks.

## **[Autism Focused Intervention Resources and Modules](#)**

(<http://earlyoncenter.org/resource.php?ID=144>)

Frank Porter Graham created Autism Focused Intervention Resources & Modules teach the step-by-step process of using and monitoring evidence-based practices for learners with autism from birth to age 22. These free learning modules include video clips, interactive assessments, supplemental materials, and additional handouts for learning instruction.

## **[Assembly of the Healthy Child: The Right Next Steps](#)**

(<http://earlyoncenter.org/resource.php?ID=146>)

Dr. Kate Gallagher, FPG Scientist, shares about her experiences learning and developing relationships with children, families and professionals who work with children and families. She talks about high quality childcare during the early years (0-5) directly links to education, employment, and health benefits in adulthood and how access to healthy relationship with one-on-one interactions are the key.
